

Sec. 23-106. Right of entry of enforcement officers; right to exclude or limit wastes; compliance with state and federal standards.

- (a) The approving authority, the state department of health and environmental control and other duly authorized employees of the city and/or the state department of health and environmental control, bearing proper credentials and identification, shall be permitted to enter upon all properties for the purpose of inspection, observation, flow measurement, examination and copying of records and testing of industrial waste and other pollutants in accordance with this chapter.
- (b) The approving authority may temporarily exclude from the sanitary sewerage system any industrial waste or other pollutant, whether pretreated or not, whenever in the opinion of the approving authority such action is necessary for the purpose of determining the effects of such waste upon the sanitary sewerage system and the waste treatment facilities.
- (c) The city council may exclude from the sanitary sewerage system any industrial waste or other pollutant, whether pretreated or not, whenever in the opinion of the city council such action is necessary to protect the sanitary sewerage system and the waste treatment facilities or to facilitate the operation of the sanitary sewerage system and the waste treatment facilities.
- (d) The city council may set limits on toxic and priority pollutants that are more stringent than state and federal requirements when it is necessary for the protection of the sewerage system and/or proper operation of the waste treatment facilities.
- (e) Federal and state requirements and limitations on discharges shall apply in any case where they are more stringent than requirements and limitations as set forth in this article.

(Code 1979, § 5-3005)
